### Description

1978 Gibson Les Paul Pro Deluxe, serial number 70258540, in black finish. The guitar has a mahogany body and maple top, with a maple neck, and an ebony fretboard. In original case. The Les Paul Pro Deluxe model was produced from 1976 to 1982 as an upgrade to the Les Paul Deluxe. It featured single coil P90 pickups, rather than the Deluxe's mini humbuckers, and a new ebony fretboard instead of the Deluxe's rosewood.
